AMERICAN NICKEL WORKS,

Camden, N. J., Jan 6 1890.

Mr C C Bosbyshell
Supt. A. T. Mint
Dear Sir

Answering yours of 1st inst. I have to state that a shipment of bronze blanks left the works at Watertown for the Mint on Dec. 26th. and appears to be stranded somewhere on the road. Also that I wrote to Watertown on Jan 2^d, in compliance with what I understood to be your wish, that the remnant of the 50,000 W. order should be sent on in daily shipments of 2,500 to 5,000 lbs. until all was delivered.

To day I learn that Mr Ross the acting head of the Watertown works (Tennet Co) has been rather severely ill for several days.

I have telegraphed directing shipment by Express of a moderate quantity, and shall by mail renew directions to forward all the rest with as much promptness as above stated.

Yours truly
Joseph Wharton

Dear Sir

Answering yours of 4th inst. I have to state that a shipment of bronze blanks left the works at Waterbury for the Mint on December 26th and appears to be stranded somewhere on the road. Also that I wrote to Waterbury on January 2nd, in compliance with what I understand to be your wish, that the remnant of the 50,000 lbs order should be sent on in daily shipments of 2,500 lbs to 5,000 lbs until all was delivered.

Today I learn that the son of the acting head of the Waterbury works (Scovill Co.) has been rather severely ill for several days.

I have telegraphed directing shipments Express of a moderate quantity, and shall by mail renew directions to forward all the rest with [xxxxx] promptness as above stated.

Yours truly,
Joseph Wharton
